Note from the President

Due to the Executive order signed by the Governor we have been required to make changes here at Heritage Pines. The clubhouse is closed as well as all recreational activities Bocce Ball, Tennis and Pickle Ball courts..etc.

We will be opening the pool when authorized by the State and Local Authorities. It is not necessary to call the office. We are taking some tough but responsible actions in our efforts to comply with the state of emergency and doing our part to help keep our residents healthy and safe. We will continue to adjust as required.

As we navigate the evolving impact of the coronavirus on our community, we want to assure you that your health and well-being is the HOA Board's highest priority. With recent events, we feel it's important to share what precautions we are taking to help address concerns surrounding the coronavirus. As the seriousness of this virus increases, management has verified that all vendors that service the community have plans in place to follow the CDC's best practices, including frequent hand washing, limiting proximity to sick individuals and being aware of symptoms. We ask that residents put these practices in place as well.

We would also like to remind everyone that we are here for each other and you should feel free to reach out to the office if you are in need during these unconventional times. Our efforts are to comply with the state of emergency requests and do our part to help keep our residents healthy and safe. We will continue to make adjustments as required.

Thanks for your support, understanding, and most of all, stay safe.
